Dear Grandma,

I wanted to tell you about a good time with Sophie. Sophie came to my house we tye-dyed shirts. They were awsome!

Then we played a game of tag. That was so fun. I learned what [illegible] was. We played tag before we tie-dyed shirts.

Sophie [illegible] a good friend [illegible] she lives [illegible] She can come over to my house and she is very nice. We both like horses.

Dear Fairfield Sun Times,

I think my little sister Emersyn should win "Best Relative of the Year." She is the best little sister a girl could ever have. She makes laugh every day.

She is so cute and loves to play with my brothers and I. She is very funny. And is very messy. She loves to get in trouble. And is 2 years old.

Her laugh is very contagious. She also gets very restles in church or something that is boring and long to her. She is scared of some boys, and loves animals.

I think Emersyn should win the prize because she is just the best little sister ever. Her laugh is so funny. She loves kittens. Something that makes me laugh every morning is her crazy, wild, ridculous bed head.

Sincerely,

#1

Dear Mayor,

I think it is a good idea to unplug all of the TVs in America. People would not be as lazy and people would be more active.

Some people sit in front of their TVs all days. After two hours your head might start to hurts. I have experienced it.

People should unplug all of the TVs and do more active things. This would be less violence. This would be more peace.

Dear Grandpa,

I wanted to tell you about my awsome weekend! My friend came to my house to help with the cows. But then he had to help watch my brother with me.

Next when we watched my brother we watched "Burn Yard". It was very fun. When we watched Burn Yard we drew pictures.

I like my friend because he is nice. And because he is very funny. He is the best friend could every have.

Your G. Jason,

Dear Doctor Chong,

I think that people need to eat healthier. One way they can do this is by cutting off junk food. They should not eat potato chips and other junky foods.

Another way to stay healthy is to exercise. You can do this by when you watch tv during commercials do push-ups. By walking the dog.

Another way to stay healthy is to not take drugs. Meth can really harm your body. Smoking can harm your lungs and other [illegible]

So these all have been ways to stay healthy. Don't take drugs. Not eating junk food and exercising.

Grade 4 #3

Dear Dr. Smart

I think people should stop eating so much junk food it is not healthy. They should eat healthy food. It will make you strong and healthy. People [illegible] diet and [illegible] fit.

Exercising also is another way to stay healthy. You could walk the dog or play with friends. Just have fun make a snowman make a snow day. Just have fun.

Another way is brushing your teeth. You should brush your teeth so they do not get cavities. Do not eat lots of candy it is bad for your teeth.

Bad habits like drinking is not good you could die. Smoking is another bad idea it is not good for your lungs. Drugs is something that can make you go crazy.
