

CTE SPRING DATA COLLECTION NOW OPEN

The Career and Technical Education (CTE) Spring Data Collection begins March 1, 2014, and ends April 30, 2014. This AIM collection asks schools to identify all 12th grade high school students who were enrolled at any point during the current 2013-2014 school year who meet the definition of a CTE Concentrator. CTE Concentrators are 12th graders who have earned three (3) or more credits in any CTE program in any combination during their years of high school. Currently enrolled courses count towards credits earned. CTE Concentrators must have the 'Concentrator' box checked and an 'Area of Concentration' entered into the AIM/Infinite Campus data system. If the student has a child or shares the parenting of a child, the 'Single Parent' box should also be marked. High schools who receive funding from the Carl D. Perkins federal grant program must complete this CTE Spring Data Collection.

Instructions for completing the CTE Spring Data Collection can be found on the AIM webpage as well as inside the 'Data Collections' tab on the Secondary CTE web page located at this link: http://opi.mt.gov/programs/CTAE/CTE.html#gpm1_6
