This student designed, student led conference will bring together American Indian high school students from across the state to highlight positive programs, leadership, and promote bridge building between students and schools from all corners of Montana. This will be an exciting opportunity for students to share ideas, culture, and develop friendships for future collaborations. The daily activities will be located at Paris Gibson School with the evening activities being held at the CMR Fieldhouse (3-on-3 basketball, stick game tournaments, Malmstrom Air Force obstacle courses). A detailed agenda will be shared with registrants as soon as it is available.
