RE: Smarter Updates

Smarter Results

2016 Smarter Results Reporting Schedule

Batch	Student is Administered the Test	Reporting Available in ORS (Online Reporting System)
Batch 1	Start of administration through April 8	3 rd week of April: Friday, April 22
Batch 2	April 11 through May 13	3 rd week of May: Date TBA
Batch 3	May 16 through May 27	2 nd week of June: Date TBA

- Reports for students, as well as school results, will be included in the ORS.
- Student tests are not scored or reported until both the computer-adaptive test and the performance tasks of the ELA and/or math assessments have been completed. It is possible to get a student report for only one content depending on when the content tests were administered.
- It is a district decision on how and when to release results; however, because of the scoring schedule, results may only include a portion of the student population.
- The Office of Public Instruction will not release complete and verified results until mid-July.
- Printed copies of the Individual Student Reports (IRS) will be mailed to schools in September.
- Resources for instructions on accessing student reports and district and school results:
